

160F Tenant Sustainable Purchasing

Sustainable Food Purchasing Options

To comply with this LEED credit, we are asking tenants to track their group food purchases, ie what the company purchases for the office, not what individuals eat each day for lunch. In the Bay Area, we are fortunate to have many, many options for purchasing organic local foods. I have provided the names of a few caterers and other food purchase ideas below.

1. Groceries/Snacks

For fresh food deliveries of local, organic groceries to the office, check out the following two ideas. Remember, food has to be both organic AND sourced from 100-mile radius to earn points:

1. Planet Organics - full range of organic snacks and groceries - some local, some not. Contact them and ask them to put together an order list that is local AND organic.

2. Catering

For catering your meetings and special events, all of the catering services below offer locally sourced, organic food.

1. Back to Earth Catering
1327 61st Street
Emeryville, CA 94608
510.652.2000
<http://www.organiccatering.com/>

2. Organic Chef Catering
P.O. Box 170058
San Francisco, CA 94117
415-643-5300
www.organicchef.com

3. AimeeAlan Catering
510-655-2355
